

SWEDEN FACES REVOLUTION IN MANY DISTRICTS

SOCIALISTS ARE MAKING MOST OF TROUBLED LABOR

THE ARMY IS UNDER ARMS

Moment Any Outbreak Occurs the Government Will Take Hand in the Game.

Stockholm, Aug. 2.—A labor war throughout Sweden is scheduled to begin tomorrow and threatens to develop in Stockholm into something approaching a miniature revolution. Trouble will be enormously aggravated by the present general strike and lockout.

The members of the young Socialist party are striving to give the movement a revolutionary character and the government is warned that a political campaign is going on at the same time and has taken steps to nip the expected disorders in the bud.

The authorities have decided at the first sign of an insurrection to declare Stockholm in a state of siege. The soldiers are being quartered in different sections of the city and suburbs and the entire standing army of Sweden is ready for eventualities.

The situation has suddenly taken a serious turn that King Gustave has summoned the members of parliament to Stockholm and a special session of the riksdag is expected.

ARE TO VOTE ON THURSDAY NEXT

TARIFF BILL COMES UP IN THE SENATE THEN.

END OF SESSION IS NEAR

President Taft Feels Certain Congress Will Adjourn Sometime Friday.

Washington, D. C., Aug. 2.—As soon as the Senate convenes today Senator Culberson of Texas gave notice that when the time came he would present an amendment to the tariff bill putting cotton back on the free list.

Peace in Sight

The decision of yesterday with reference to the leather question had a reassuring effect and Senator Aldrich expressed his confidence the bill would now go through without any further difficulty.

"Range" Senators Satisfied

Even the so-called "Range" senators, who have been the most strenuous advocates of a duty on hides, were inclined to join in this expression of confidence.

Adjourned Today

On motion of Senator Bailey the Senate today agreed to take a vote on the tariff conference report at two o'clock Thursday. The Senate then adjourned until tomorrow.

Sees the End

Upon the assumption Congress will adjourn late Thursday night or Friday, President Taft is making plans to leave Washington for his summer home at Beverly late Friday afternoon.

TRIED TO WRECK A BURLINGTON TRAIN

Steel Rails Piled on Track Seen in Time for Engineer to Stop Train.

[BY ASSOCIATED PRESS.]

Crawford, Neb., Aug. 2.—An Burlington passenger train was rounding "Hazardous Curve," ten miles out from Crawford, early yesterday, the engineer discovered on the track a few rods ahead an obstruction composed of steel rails. The train came to a stop within a few feet of the pile of rails. It is said the express car contained \$250,000 in gold bullion. A farmer named Chris. Berger, found in the vicinity by a searching party, was taken into Alliance, where he was put in jail.

AN OLD RESIDENT HAS PASSED AWAY

Mrs. Mary Bowen of Beloit, Daughter of Former Editor of Gazette, Passed Away Sunday.

After an illness which had lasted many months, Mrs. Mary (Evadne) Bell, wife of Dr. Samuel Bell of Beloit and daughter of Hiram Bowen, who in an early day was publisher of the Janesville Gazette, died Sunday afternoon at her home in Beloit. For a number of years Mrs. Bowen has suffered with heart trouble, which since last winter has been quite serious. Of late her condition has been worse, and for the last three days was unconscious.

Mrs. Bell was 65 years of age and had spent most of her life in Rock county. She was born in Akron, Ohio. Her father was Hiram Bowen, an early day editor of the Janesville Gazette, and later editor of the Milwaukee Sentinel and conducted the Senator in the political interests of the Senator. Mrs. Bell came to Wisconsin with her parents when she was eight years of age. Her mother was a sister of Judge Wheeler of Oshkosh. She was united in marriage to Dr. Bell in 1861 at Janesville while he was in the army.

Besides the husband, two children survive, Miss Nettie Evelyn and Miss Martha Wheeler. Mrs. Bell also reared two nieces, children of her sister, Ella Colburn, whose death left the girls orphans. These young women, Elizabeth and Della, are far away from Beloit and cannot be there for the funeral. Elizabeth is an artist in New York city. Mrs. Bell is also survived by two brothers, Wheeler Bowen of Huron, S. D., newspaper publisher, formerly of Janesville and Sioux Falls, S. D., and Marvin K. Bowen of Raymond, Wash., and a sister, who is the wife of Hon. T. R. Kershaw of Bel. Lincoln, Wash.

Mrs. Bell was of a literary turn of mind, artistic and cultured in every thought, and was a great reader and an authority on the subjects of the day. Her tastes were naturally for a quiet life and her ill health of late years kept her somewhat away from the many who had become her friends, but of them she thought much. She was a member of Christ Episcopal church at Janesville and of St. Paul's church in Beloit and was greatly beloved by the members of those organizations and many others.

The funeral services will be held tomorrow in Beloit, from the house, corner of College and Public avenues, at ten o'clock. As several from this city expect to attend, going down from here on the car leaving Janesville at 9:15, the services will be postponed until their arrival. Interment will be in the city cemetery at Beloit.

Montana Elks in Session, Miles City, Mont., Aug. 2.—Miles City is in gala attire in honor of the scores of visitors here from all over the state to attend the annual convention of Elks' Lodges. The program for the gathering extends over three days and is filled with interesting features. J. M. Burlingame, of Great Falls, is presiding over the convention.

MARQUETTE TO BE STRONG IN FOOTBALL

Squad of Last Year Will Remain Practically Same And Milwaukee College Expects Good Games.

Milwaukee, Wis., Aug. 2.—With the approach of the first of September, the football battle will begin to boil at Marquette university, and the prospects are now that last year's great record of the Milwaukee university plebs will be far exceeded by the 1909 eleven. There will probably be practically all of last year's star players on the team this fall, only four being in the list of the incoming, "Bugsy" Wright, Wheeler, "Art" Meyer and possibly Leo Foley will be out of the squad this fall, but all of the others in last year's squad have already reported to Captain Toby Manning that they will be ready when the word is given for the assembling at summer camp.

"Bill" Jument, the old Wisconsin star, will be on the job again this year as coach, and is already lining up some good new material. Some of the new students in the medical department, especially, are promising athletes, and will ably fill the void left the team last year, having failed to live up to the strenuous conditions of Marquette football training. Under the policy in athletics are forced to keep up to a high standard in their regular school work and it was because of their failure to maintain the standard of scholarship required that was in part responsible for the withdrawal of Wheeler and Foley last year. Meyer, however, is absent because of an entirely different cause. His eyes have been causing some trouble that he may be forced to give up his hope of completing the medical course at the university and go into business life. Foley graduates from the medical department next spring and may be unable because of school work, to hold his old job at once.

The system adopted last year of holding summer camp, and getting the men into condition long before school opens, will be in vogue again this year. Later the squad will probably be reduced to about thirty men although there will be class and departmental teams which will keep men in training to fill vacancies if any of the regulars get lax in their work.

The schedule this fall will be the heaviest ever played by any Wisconsin football team, with the sole exception of the state university, and the games scheduled this season will be at least the equal of those to be played by the school at Madison, which has refused to play Marquette this year, now that Marquette university has reached the recognized university class. Last year Marquette gave Wisconsin the scare of its season, and as a result of this showing Michigan has already signed to come to Milwaukee for one of the big games of the year.

PLAYED CIRCUUS WITH NOT QUITE THE SAME RESULTS

Fired by the daring feats which they witnessed at the circus last Friday, five small boys who were visiting in the city attempted to emulate the feat of the wire walking stunts, resulting disastrously to Harry Kearney, eight years old, of Chicago, who fell last night about six o'clock and fractured both bones in his left arm just above the wrist. The injured lad is lying at the home of John J. Sweeney, 316 Center Ave., and together with four other lads, three from Fond du Lac and one from Chicago, attached a rope to a telephone pole and while the others held it, Harry slid down. Unfortunately for him, the others let go and he fell to the ground, breaking his arm but sustaining no other injuries. Dr. James Gibson reduced the fracture.

Missing Youth Found: Frank Dann, age 18, who disappeared from his home on a farm near Lake Geneva last Tuesday and was traced from Wauwatosa to Janesville, was located this morning in Harvard, Ill. His parents were greatly pleased for his safety and had requested that a search for him be made in Janesville.

[SPECIAL TO THE GAZETTE.]

New York, Aug. 2.—Loula P. Lochner of Wisconsin, president of the Association of Cosmopolitan Clubs, sailed today on route to the Hague to attend the sixth convention of the International Federation of Students, the latter part of this month. The convention will endeavor to bring about an affiliation between the International Federation of Clubs and the Association of Cosmopolitan Clubs, a collection of European and American into an international union. While abroad Mr. Lochner will also represent the American Peace society at the nineteenth Universal Peace Congress to be held in Stockholm.

THREE AMENDMENTS VOTED ON IN TEXAS

Special State Election Being Held Today on School Districts and Special City Charters.

[SPECIAL TO THE GAZETTE.]

Austin, Texas, Aug. 2.—A special state election is in progress in Texas today to decide the fate of three proposed amendments to the state constitution. Two of the propositions relate to school matters. One is to authorize the formation of county line school districts and the other is to validate the bonds of certain independent school districts. The third proposition is to authorize the incorporation of cities of more than 5,000 inhabitants under special charters.

HONORS PAID TO A RAILROAD MAGNATE

Bust of James J. Hill Presented by State of Minnesota Unveiled at Exposition.

[SPECIAL TO THE GAZETTE.]

Seattle, Wash., Aug. 2.—The celebration of Minnesota Day at the Alaska-Yukon-Pacific exposition today was marked by the large number of prominent people in attendance from the Greater state. Present with Governor John A. Johnson were the members of his staff and numerous representatives of the commercial bodies of Minneapolis, St. Paul, Duluth and other leading cities of Minnesota. President Childers of the exposition made a formal address of welcome to the visitors.

The feature of the day's program was the unveiling of a bust of James J. Hill, the railroad magnate, in recognition of his share in the development of the northwest. The bust is of bronze and is said to be the largest of its kind in the world. It is six feet high, weighs 1700 pounds, and rests on a granite pedestal 16 feet in height.

Governor Johnson of Minnesota delivered the principal address at the unveiling exercises. Other speakers were heard in behalf of British Columbia and Japan. The program was arranged to emphasize the commercial bonds between the United States, Canada and Japan, which have been so strengthened and encouraged by the life and efforts of Mr. Hill.

MILWAUKEE'S BIG FESTIVAL IS OPENED

Immense Crowds of Former Residents Attending Home-Coming in the Cream City.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Wis., Aug. 2.—Milwaukee awoke this morning to find herself entertaining the largest crowd of visitors that has gathered in the city since the semi-centennial celebration more than ten years ago. The occasion of the gathering is the Old Home Week celebration, which was ushered in today under most promising auspices. Former residents of Milwaukee have returned to the city from many parts of the United States and Canada to join in the family reunions and elaborate festivities which will mark the celebration.

BRODHEAD PEOPLE HAVING MERRY TIME

Mr. and Mrs. Hartman Entertain Friends and House Party in Honor of Sons' Return.

[SPECIAL TO THE GAZETTE.]

Broadhead, Aug. 2.—For a week past there has been a jolly house party at the home of Mr. and Mrs. E. W. Hartman on the state line. Their five sons, all of whom are or have been attending school away, are now at home. Besides the boys, Mr. and Mrs. Hartman have been entertaining P. H. Rehberg of Kiel, Wis., and Miss Minnie Muns of Wauwatosa, also Marion Condon and Misses Edith Stur, Lillian Foelt and Phoebe Cortisoy of this city. All report a most happy time.

DESIRES TO OPEN BAR AT INTERURBAN HOTEL

George Luxton Has Filed Application With City Clerk—"Too Near a Church," Says City Attorney.

George Luxton has filed an application for a license to open and conduct a bar-room in the Interurban hotel on South Franklin street, of which he is the landlord. It will come up for consideration at the regular meeting of the common council on August 30. City Attorney Maxfield holds that the license cannot be granted owing to the fact that the contemplated saloon would be within 200 feet of the Carnegie M. E. church and therefore subject to the state law.

ENGINE DRIVERS IN WINNIPEG, CANADA

Union Meeting of Firemen and Engineers Attended by Many From Province and United States.

[SPECIAL TO THE GAZETTE.]

Winnipeg, Man., Aug. 2.—The Canadian union meeting of the Brothers of Locomotive Firemen and Engineers, for which preparations have been going forward for nearly a year, assembled in Winnipeg today with an attendance of nearly 2,000 delegates and visitors from points throughout Canada and the United States. The morning was devoted to the reception of the delegates and the organization of the convention. This afternoon the gathering was addressed by the international president, W. S. Carter. The sessions will continue until the end of the week.

MODEL ROADS FOR A CALIFORNIA COUNTY

San Diego, Cal., Votes Today on Question of Million and a Quarter Bond Issue for Roads.

[SPECIAL TO THE GAZETTE.]

San Diego, Cal., Aug. 2.—A special bond issue of one and a quarter million dollars to give San Diego county the best roads in the country and to make the city of San Diego the gateway to southern California is the issue at stake in the special election being held today. The good roads campaign has received the support of all classes and it is predicted that the bond issue will carry by an almost unanimous vote.

SLAUGHTER OF MAN IS LAID TO WOMAN

Mrs. Richmond, Suspected of Two Other Crimes, Accused of Murder in East Cambridge.

[SPECIAL TO THE GAZETTE.]

Cambridge, Mass., Aug. 2.—In the district court Mrs. Elizabeth Richmond was given a preliminary hearing on the charge of having murdered Stewart McTavish, whose body was found on July 23 lying on a bed in her room in East Cambridge with a bullet through his right eye and the whole side of his head beaten in with an axe. The woman was found in a dead stupor from liquor in the room next to McTavish's battered body.

Much mystery surrounds the murder. The motive was robbery, the police say, for McTavish had a considerable sum of money on his person when he started for Boston from Gardner, Mass., where he was employed as an attendant at the state insane asylum.

Mrs. Richmond, the accused woman, has come under the eye of the police on several occasions in the past. About a year ago she was examined by the police in connection with the death of the wife of a Boston merchant who mysteriously expired after a three days' sojourn in the Richmond home. Later a man is said to have met death under unusual circumstances in the Richmond house. On neither occasion could ground be found on which to base a charge against the woman.

CHARLES HOFERT WEDDED TO OSHKOSH WOMAN MONDAY

Ceremony Was Performed at Parsonage of St. Paul's Lutheran Church at Eight O'Clock.

CONVENTIONS OF CATHOLIC ORDERS

TWO WELL-KNOWN SOCIETIES OPEN CONCLAVES TODAY.

THE KNIGHTS OF COLUMBUS

Meet in Mobile, Alabama and Catholic Order of Foresters Gather in Montreal, Canada.

[SPECIAL TO THE GAZETTE.]

Mobile, Ala., Aug. 2.—Knights of Columbus poured into Mobile today from every direction to attend the twenty-seventh annual meeting of the national organization, which continues through the remainder of the week. The preparations for the entertainment of the thousands of visitors are complete and there will be no difficulty in accommodating the great out-of-town throng. The display of the national colors throughout the city forms one of the most imposing sights in that line ever seen here. Banners, bunting and emblems of the order showing from almost every building in the center of the city.

This morning the national officers and delegates to the convention marched in procession to the Cathedral of the Immaculate Conception, where a pontifical high mass was celebrated by Bishop Allen, Archbishop John J. Glannon of St. Louis preached the sermon. After the services at the cathedral the formal opening of the convention took place in the Lyric theatre. Mayor Lyons welcomed the visitors, and there were addresses by Past State Deputy Mahorner, Supreme Knight Edward L. Hearn and Archbishop Glannon. Luncheon was served at the Battle House and at 1 o'clock the convention began its business sessions behind closed doors.

The convention promises to be one of the most notable and eventful in the history of the organization. Several changes in the by-laws will be discussed and acted upon and an interesting report is expected from the committee on the progress made in raising the \$500,000 endowment fund for the Catholic University of America.

The election of officers is another matter that is interesting the delegates. Supreme Knight Edward L. Hearn is retiring from office after having served as head of the order for ten years. Indications point to the election of James A. Fishery of Philadelphia, the present deputy supreme knight, as his successor. There is also a likelihood that new men will be chosen to fill the offices of national secretary and treasurer.

The reports of the various officers prepared for presentation to the convention show the affairs of the organization to be in a flourishing condition. The total membership is now 225,000, which is divided among local branches throughout the United States, Canada, Mexico, the Philippines, Iceland, Cuba, Porto Rico, Panama and South America.

International Session.

Montreal, Aug. 2.—The international convention of the Catholic Order of Foresters assembled in this city today with a large attendance of delegates representing nearly all sections of the United States and Canada.

SEVERAL CASES IN THE CIRCUIT COURT

Were Heard by Judge Grimm This Afternoon—Three Visiting Attorneys at Session.

Circuit Judge George Grimm has returned from an extended vacation trip through the west and heard a number of cases argued at the courthouse this afternoon. William G. Wheeler of Milwaukee, Burr Sprague of Brodhead, and A. S. Douglas of Monroe were among the out-of-town attorneys in attendance at the session. Judge Grimm will return to Jefferson tonight and will be here again next Monday. The cases this afternoon were disposed of as follows:

W. E. Ingalls vs. Wm. Haddon, et al, judgment for the plaintiff in the sum of \$74.69 damages and the costs of the action.

Hiram M. Weaver, et al vs. Wm. M. Weaver, et al, also ordered. No appearance on the part of defendant. William K. Young vs. S. D. Grubb, case taken under advisement. Briefs to be submitted.

Myrtle M. Spencer vs. Arthur W. Spencer—Order to show cause why the defendant should not pay temporary alimony and suit money. Continued indefinitely.

Bower City Bank vs. Ella Needham, et al—action to foreclose a mortgage. Evidence submitted.

First Nat'l Bank of Monroe vs. J. J. Teclady to foreclose a mortgage. Ames Johnson et al vs. Annie A. A. Johnson et al, action. Ordered that the premises be sold.

Katherine M. Woodruff vs. George Woodruff, Partition action. Trial resumed.

SAYS THAW IS NOT OVER HIS INSANITY

Doctor in Charge of Insane Asylum Thinks He Would Be a Menace to Public Safety.

[BY ASSOCIATED PRESS.]

White Plains, Aug. 2.—Justice Mills again stepped into the examiner's shoes in the case at today's session in the Thaw insanity hearing, and from Dr. Baker, acting superintendent of Mottawa asylum, expressed the clearest statement yet obtained the mental condition of Thaw. Dr. Baker said he did not consider the prisoner was sufficient to permit him to form a satisfactory conclusion, nevertheless he declared his belief that Thaw was now insane and that his release would be a menace to public safety.

GREAT CONTEST NOW TALK OF THE HOUR

Elegant Prizes to be Won in a Short Time—No Partiality to be Shown—Final Count to be Done by Outside Persons Entirely—Absolute Publicity.

Four weeks from Saturday the great popularity contest will be at an end. The ballot box closes at ten o'clock sharp on the evening of Saturday, September 4th. An hour after ten o'clock the tally clerks and judges will be selected, the counting of the ballots will begin and the winners will be announced at the earliest possible moment.

According to the rules of the contest, as outlined, when the contest was inaugurated, the winners will not be decided by anyone connected with The Gazette, or anyone that has had anything to do with the conducting of the contest.

The counting of the votes will be left entirely to a committee of disinterested persons, appointed by the contestants themselves, and every candidate is allowed the privilege of having represented by some friend in the final count. The final count will be made in full view of everyone by the impartial committee appointed by the contestants.

Every blank, coupon and nomination can be canvassed by any contestant at this office and can be counted by the committee appointed by the contestants.

The ballots will also be kept for ten days after the contest closes, and can be counted by any contestant or his friend.

The Gazette has done what it considers right in the matter and will continue to do so. "Impartiality" will be the motto and those interested may rest assured that the three beautiful Newman Bros. pianos, diamond rings, scholarships, and watches will go to the young women who rightly win them, and through popularity and dint of effort are solely entitled to them.

The Gazette appreciates the interest which is being shown in this contest and assures the contestants and their friends that the management of the contest will do everything possible to assist them in securing the prizes they desire. The prizes are all valuable, the only difference being the choice.

The contest has been received with a rush of favor, amounting to an event of unusual interest. The exceptional success of the contest from the outset is also clear evidence that the high standards of the awards to be made by The Gazette are appreciated. Yesterday the contest department was besieged with letters from all sections, showing a keen interest in every locality.

The correspondence received shows that the contestants are working with keen interest. The reports made also show the great popularity of The Gazette. In many instances old subscribers are now buying The Gazette sent to friends and relatives, and state that to win the opportunity to help some contestant is an incentive the person subscribing feels that full value is received for the money in a subscription to The Gazette, Janesville's leading newspaper.

Contestants mailing votes to this office will please put sufficient postage on them, as they go as first-class matter, owing to the fact that there is writing on the same.

A great many people do not understand, and for their satisfaction we wish to say that anyone starting to take the paper since the contest started will always receive a new subscriber during the life of the contest and will be given accordingly. If you start the paper now, and pay something in advance, and wish to pay more later during the contest, you will be considered a new subscriber.

PLAN IMPROVEMENTS AT MILTON COLLEGE

Water Supply And Sewage Disposal System is to be Installed in Buildings.

(Special to The Gazette.)

Milton, Aug. 2.—Milton college, after long and weary waiting, is to have a complete system of water supply and sewage disposal. A well is being drilled at the rear of Whitford building, from which will furnish an abundance of water for all purposes, and a force pump and engine will be installed connecting with the pressure tank now in use in the boiler room. Thus, water will be carried under pressure to all the buildings on the campus. A room is being finished in the basement of the main hall for a men's toilet, containing closets and lavatory. The branch to supply water for this room will be extended to furnish water for the department of domestic economy occupying rooms in the forward part of this building. A basement room in the ladies' dormitory will be fitted up for toilet purposes and will draw on the general water supply. Drinking fountains will be placed in the first floor hallways of main hall and the ladies' dormitory. The sewers from the buildings will connect with a tank system which is believed to represent the latest advance along this line of work. The sewage is first discharged into a large, watertight tank where a process of fermentation rapidly renders all organic solid matter liquid. This liquid then passes on to an aerating tank where it undergoes oxidation and, being thus rendered harmless and odorless, is discharged into the lower gravel subsoil. Both the water supply and sewage disposal systems are so planned as to be readily connected with the gymnasium when finished.

DRINKS WITH MEALS.

The habit of taking a warm drink with meals is almost universal. Ideally no drink should be taken during the meal, although a little warm drink may be taken after eating. Coffee is the most objectionable of the ordinary drinks, cocoa the least so. Coffee retards digestion, has an injurious effect in many cases upon the heart, and frequently prevents sleep. To eliminate it add a little cereal coffee and increase the amount gradually till the coffee is entirely omitted. Cocoa contains a slightly injurious principle, but if not made strong may be substituted for tea or coffee. Cereal coffee contains little nutriment, but is harmless. After a supper consisting of fruits, as prunes, dates or figs, or rice or toast, with a spoonful of olive oil, there is no objection to a drink of warm cereal coffee or weak cocoa. The chief objection is to taking liquid after a proteid meal. Oil coats proteid, preventing full access of the gastric fluid. But after a meal depending little upon stomach digestion this is not unfavorable.

MAIN SEWER WORK IS MOVING SLOWLY

Inspector Croft Says That Contract Will Not Be Completed Before New Year Opens.

According to Inspector George Croft, the main sewer outlet will be completed about January 1. The piping has now been laid about 150 feet beyond the corner on High street and the force of 20 workers, at the present time 10 men short, are excavating to a depth of 21 feet. The vating to a depth of 21 feet. The deepest trench in the entire contract will have to cut along the next two blocks, from High to Geneva street, and progress will also be slow for the four blocks on Geneva street to the river. 6,450 feet are still to be completed and there are still 1,870 feet of the 34-inch main to be laid. Experiments have proven a dismal failure, the locked sections being turned and twisted all out of shape in the gravel. Three carloads of the first gravel trial will be returned to the factory without thanks, the freight both ways being paid by the firm and the People's Construction Co. losing only his time and patience. A new 541-P, electric motor is to be used in lieu of horses, hereafter, to pull up the plank sheeting.

The work of laying the 27-inch pipe on River street is to be commenced this week, 800 feet of 12-inch pipe has been laid on Western avenue from High street east and the line will be continued to the corner of Jackson street. Five blocks of 8-inch sewer have been completed to the northward on Jackson street.

The Center avenue sewer has been connected with the main. Under the guidance of a bicycle lamp and under the above-ground escort of George J. Davis, who stood ready to lift a manhole cover whenever the explorers might signal for help and fresh air, City Engineer Korch and Mr. Croft inspected the interior of the main for a distance of 5,000 feet one day last week. They found 14 inches of water flowing near the mouth and the curving out all the way was so swift that it was impossible to walk against it. The city engineer estimated the velocity at 250 feet a minute.

Everything along the tunnel was found in tip-top condition and the investigation party met with but a single unpleasant experience. At one of the manholes they encountered nearly a barrel of decayed sawdust which had been dumped in disregard of the fact that the small stream of water now passing through would carry away but a small portion of the garbage. It clung to the ladder and all about the sides of the big tube and the nauseating odor was almost too terrible, even for hardy venturers.

LITTLE GIRL TRAMPLED TO DEATH BY A HORSE

Terrible Tragedy Occurred at Monahan Farm Near Lake Geneva on Saturday.

At the Monahan farm near Lake Geneva on Saturday a little three-and-a-half year old girl was trampled to death in a box-stall. The child wandered away from the house and the mangled body, with face and head crushed to a pulp by the horse's feet, were not found until the mother made a search of the premises and finally visited the barn. She had taken special precautions to keep the child out of the stall by placing a wheelbarrow against the half door, but the barrow only served as a stairway which enabled the little one to surmount the barrier. The funeral was held yesterday.

NEWS FROM THE SUBURBS

MONROE.

Monroe, Wis., Aug. 2.—The local board of review is in session and in the absence of objections by taxpayers, none having appeared to protest against their assessments, the tax roll is being reviewed. The board will adjourn this afternoon.

Peter Brower and family are holding a family reunion, and the parents and five sons are together for the first time in over twelve years.

Mr. and Mrs. Wm. Holtz were here on their wedding trip to make a visit to the former's parents, Mr. and Mrs. Nathan Holtz, and left yesterday for their home at St. Paul.

Mrs. Nellie Williams left yesterday for Milwaukee, Wis., where she will visit relatives. Her brother, Frank A. Trout, accompanied her to Chicago.

Mr. and Mrs. W. G. Hirsig and son of Nashville, Tenn., are here on a visit to Mr. Hirsig's mother, Mrs. Elizabeth Hirsig.

Mrs. L. A. Wood is home from a visit to her daughter at Janesville. Miss Martha Otto of Waukesha is here on a visit to her sister, Mrs. Frank A. Shuman.

Mr. and Mrs. W. J. Hunt returned yesterday to their home at Sioux Rapids, Ia., after a visit to Ernest Gorham and children.

Mrs. Ada Bohm has returned to her home at Galesburg, Ill., after a visit to her parents, Rev. and Mrs. J. H. Herkey.

Mr. and Mrs. John Strahm returned yesterday from a stay at Lake Kegonsa.

J. D. Wallace was in the city yesterday from Janesville.

Mrs. W. S. Westcott, who has been making her first visit to Monroe in sixteen years, has returned to her home at Westcott, Neb.

Mrs. Frank Schudel and daughter, who were here on a visit to Mr. and Mrs. S. P. Schudel, were called back to their home at Red Oak, Ia., by the serious illness of Mrs. Schudel's mother.

Mrs. Mary Gorham of Chicago and her daughter, Mrs. H. P. Harper, of Washington, D. C., were here on a visit to relatives James and daughter, Marion, are home from a visit in Chicago and South Haven, Mich.

Mr. and Mrs. Henry Allen have gone to Seattle, Wash., to attend the exposition.

Miss Elizabeth McGrath of Janesville, visited relatives here and has gone to Waupun, where her sister, Mrs. John C. Hart, resides.

SOUTH FULTON.

South Fulton, Aug. 2.—The Aid Society will meet with Mrs. James Thomson next Thursday afternoon, August 5th.

Miss Bessie York spent Sunday at home.

Miss Stella Hancock of Harmony is visiting relatives in these parts. Freddie Thomson is visiting his cousin at Watertown.

The rain on Sunday was very welcome, though half is reported in some localities.

Several from these parts witnessed the performances of the Barnum and Bailey circus in Janesville, Friday.

The ice cream social at U. P. No. 1 last Wednesday evening was a success, resulting well for the Sunday school.

JOHNSTOWN.

Johnstown, Aug. 2.—Mr. and Mrs. Joseph Bovillo of Bradford welcomed a baby boy at their home July 28. They were former residents here.

Miss Sue Dore of Whitewater is a guest of Miss Lizzie White.

Mr. and Mrs. E. A. Carter and their guests, Mr. and Mrs. Ed. Keith, spent Friday with Dr. and Mrs. Reed of Lima.

Mr. and Mrs. C. Gessler drove to Lake Geneva and spent Sunday with her brother, Fred Gessler, and wife.

Evan Roberts and Miss Cohen of Dousman came Saturday evening for an over Sunday visit with his aunt, Mrs. C. Craig.

Alex. McLean met with what might have been a serious accident last Thursday. While driving four spirited horses on the blunder they became frightened and made a lively run across the field. The machine was slightly damaged and one of Mr. McLean's hands was badly injured. His many friends are glad that his injuries are not serious.

Saturday night's storm did much damage in this section. Emil Lorkie had a valuable cow killed and a fine colt injured. A sheep belonging to Wm. Calkins was killed.

Mr. and Mrs. Charles Harbort spent Sunday with Darlen friends.

UTTERS' CORNERS.

Utters' Corners, Aug. 2.—Mrs. Fred Dushner of Camp Douglas visited at the home of Mr. and Mrs. Paul Schultz, Tuesday of last week.

Mr. and Mrs. B. W. Farnsworth enjoyed a visit from one of their old schoolmates, S. D. Harrington of Beloit, Thursday.

Mrs. Wm. Toetshorn had the misfortune to step on a rusty nail last week and was obliged to call a doctor and have the wound opened. At present her foot is doing nicely.

Dr. and Mrs. H. Hill of Milton Junction visited their daughter, Mrs. Harry Paul and family, Saturday.

This locality was well represented at the big circus in Janesville, Friday.

Miss Marie Murry of East Troy came Friday for a few days' visit at the home of her uncle, Thomas Welch.

Mrs. H. L. Jaynes and son of Whitewater visited her daughter, Mrs. Paul Schultz, Friday.

Miss Nettie Farnsworth spent a portion of last week with her cousin, Mr. and Mrs. John Craig, near the county farm. She reports the corn on the county farm far ahead of any she saw along the route from here to that place.

A very nice shower visited this locality Saturday night, the first we have had in four weeks.

Mrs. Paul Schultz spent Tuesday night with relatives in Whitewater.

Richard Pearce drove to Whitewater Sunday to hear Rev. Reynolds of Janesville preach.

Mrs. Emil Hill returned last Tuesday from a two weeks' visit at the

farm one mile and a half northwest

of this city and there spent the greater part of his boyhood life. In April, 1888, he was married to Miss Lulu

Devereaux and the same year located in Elgerton, where he was manager of a creamery. He remained there four

years, and returned to Evansville to accept a position with the D. D. Wood

Butter company and after sixteen years' continuous service resigned and

ten months ago went to Plainville, Texas, to go into business. He was

stricken with typhoid fever and although given the tenderest nursing

and the best medical skill he passed away at six o'clock Thursday morn-

ing, having been ill just twenty-one days. The death of Mr. Dixon has

cast a deep shadow over the community where nearly all of his entire life

was spent. He was highly respected and his unusually pleasing and affable

disposition made him a universal favorite in the social circles and his

memory will be cherished by hosts of friends who will extend to the be-

reaved widow and the little daughter, Evelyn, the aged father and other relatives their heartfelt sympathy in

their great affliction. He is also survived by four sisters and two brothers: Mrs. Ellen Myers, Iowa; Mrs. Margaret Plank, Broadhead; Mrs. Amanda Covell, Mrs. Josephine Ross, and David L. all of Evansville;

and Frank of Fond du Lac. Among those from a distance who came to attend the funeral were Mrs. K. H. Kline, Shushell and daughter, Illinois; of Plainville, Texas; Frank Dixon and family, Fond du Lac; Dr. H. E. Devereaux and family, Algona, Iowa; Dr. and Mrs. C. C. Devereaux, Janesville; Mr. and Mrs. Adam Block and daughter, Delray; Mr. and Mrs. Wm. Kibbe and Mr. and Mrs. M. M. Carpenter of Broadhead; and Mr. and Mrs. William Clark and Mr. and Mrs. Michael Schmidt of Elgerton.

The funeral of Mrs. Rosa De Remer, who died Thursday, July 29, at the home of her sister, Mrs. James Williams, in Okauchee, Minnesota, was held at two o'clock Sunday afternoon from the farm home of her son, Phillip De Remer, Rev. D. O. Grabb of the Congregational church

officiated. Mrs. De Remer was born in Vermont, March 7, 1841, and came with her parents when a child to Dayton, Wis. She was married in October, 1866, to Peter De Remer and

except for the five weeks that passed in Okauchee her married life has all been spent on the old homestead which is now occupied by her son, Phillip. There are five children left to mourn the death of a devoted mother: Mrs. S. H. Pike of Austin, Minn.; Mrs. J. E. Thompson, Fred Frank and Phillip De Remer, all living in the town of Brooklyn.

Editor Meacham has kindly turned over to the Woman's Relief corps the management of the Enterprise office for one week, and the not proceeds are to be added to the treasury of the society. The ladies will do all the work of editing and publishing the paper. Mr. Meacham assisting only with the mechanical part of the work. The society as a body will use their best efforts to make it a success and the same promises to be

him full of all the latest news. There will be a meeting of the corps this week at which time an editor-in-chief and business manager will be chosen.

There is some talk of the ladies selecting the first week in September for their issue.

Dr. Carl Stevens will arrive tomorrow from New York city for a visit of two or three days with his mother, Mrs. D. B. Stevens.

THE SIGN OF GIDEON
 Janesville has started many national movements, or at least been instrumental in starting several, and when the Gideons were organized in this city in 1899 it was little thought they would become a national organization as influential as they now are. The St. Louis Globe-Democrat, during their recent national convention in the Mound City, has the following to say of the organization and its members:

"Many of them prefer to be called, and call themselves, commercial travelers, but the significance of the word 'drummer' as first applied to them is not yet lost. It is a fine and high significance. It fastened itself to them in the years immediately following the close of the civil war, when the drummer held a high place in public estimation as the maker of the noise which had aroused the battle spirit. It was a boom time, a time of expansion, of growth and of enterprise, and those men who were always near the front of the advancing lines, cheering the weary, talking of now conquests, and shouting new battle cries, came to be called drummers as naturally as a warlike people persist in using warlike terms to describe aggressiveness and push, even after the last muster. In those weak plying times of peace, some of the youngsters on the road, who never heard war's alarms, grow ashamed of the honorable name their predecessors won for the craft. They had best stick to it.

"And it isn't at all out of harmony with the name Gideon adopted by a large section of drummers who are now holding their tenth annual convention in St. Louis. Gideon, as we recall him, was a warrior whose sword was as that of the Lord, and who wielded it on one battle day which lives in history. This society of Gideons has come naturally into the life of the traveling man of this country. The successful drummer is always what the country is. If the country is wild, frolicsome, inclined to be sporty, and to do things evil in the sight of God, a drummer who would travel through it singing psalms would go back to his house with nothing more. If the drummer ever got a bad name he got it because he had to take on the atmosphere of his time and fall in with the spirit of the people he had to do business with. Men who are old enough to have forgotten, mourn the 'better days' of thirty years ago. Those only old enough to have lived and moved a full-blooded life in those days, and not old enough to have forgotten it, know that the worst of these days is but a pale and ineffectual shadow of the worst of those.

"The drummer of thirty years ago took on the color of his surroundings. He is better now because the times are better morally than they were then. His order of Gideon is only an organized expression of his responsiveness to the changed and changing conditions. He is giving many other expressions of this. He is now insisting upon having a Bible in every hotel room, but that isn't what he used to insist upon when the moral sentiment of the country was not as high as it is now. At some places it was a poker deck that was wanted in every room in a hotel. Sometimes it was this; sometimes that. The

drummer kept pace with the country and has developed with it, and here he is now insisting upon having his Bible as well as his ice water in his room at night. This is not only a good sign for all of us. If we as a people were still what we used to be, the drummer would still be with us, as a business proposition. We might as well begin acknowledging the fact that we are a better sort than we once were."

THE OPPORTUNITY
 The common council has given the city attorney the opportunity to go ahead and compel the city railway company to either give better street-car service, better cars and more sanitary and safer conditions or show the railroad commission why they should not have their franchise revoked. The first step in a better service has been taken and it is to be hoped that it will be carried to a successful issue. Janesville should have better street-cars and a better street-car system. There is no reason why the city should suffer as it has and be ashamed of the conditions that exist, simply to suit the whims of the Philadelphia owners of the line. If it is worth anything to them it is worth fixing up and throwing into the junk heap the patched-up monstrosities that it calls cars. Get busy, Mr. City Attorney, the public is with you.

Those druggists who want to sell liquor now must have a regular physician at hand to write prescriptions for them. Something fell last night and it was the druggists who suffered.

Now that the druggists' licenses are decided and all the saloons who really wanted permits to continue in business have received them, let the city fathers get down to taking care of the city streets and improving the thoroughfares that the public have to use every day.

It is alright for an alderman to be careful of the ward fund at his disposal, but when he leaves streets in such a condition that teams can hardly pass them his economy is somewhat mistaken for bullheadedness.

Of course the streets were not made for the automobiles, but still they have some plans on them everyone must admit and the street committee ought to see that these rights are observed and the streets put in shape for common travel at last.

They say that Speaker Cannon has not forgotten the question at issue, the punishment of the insurgents who voted against him and his rule at the opening of congress. Time will tell, however.

Darius Green and his flying machine was more imagination in the mind of the poet who wrote of this celebrated young man and had he lived until this day and age he would have seen his dream a reality.

Now that the Wrights have won the prize offered by Uncle Sam they will have to go to work and teach the rest of us how to fly.

"The Spanish Pretender must feel now that he is worth several more cents on the dollar than he was a month ago.

It is a question if Mars is as much interested in the Earth's flying machines as the Earth is in Mars' canals.

It is not thought advisable to get into any war just to try those aeroplanes as yet.

So Officer Brown does not get his pay after all. Well, the city may expect a suit next.

Count Zeppelin's flights almost reach the stage where they can be called migrations.

Shoot is very much disturbed because Taff muzzed up his and Aldrich's tariff measure.

"And it isn't at all out of harmony with the name Gideon adopted by a large section of drummers who are now holding their tenth annual convention in St. Louis. Gideon, as we recall him, was a warrior whose sword was as that of the Lord, and who wielded it on one battle day which lives in history. NO PERMITS TO DRUGGISTS

Liquor May Hereafter Be Retailed at Pharmacies Only by Prescription—Rules for Nicotodons.

By unanimous vote the common council last evening passed an order directing City Attorney H. L. Maxfield to take steps to secure better service from the Janesville Street Railway Co., and if unable to accomplish this within a reasonable time to bring an action in the circuit court to have the corporation's franchise annulled.

The attention of the company's officers and stockholders will at once be called to the present deplorable condition of the rolling stock and other equipment and certain definite changes demanded. If the demands go unheeded, court proceedings will be started, perhaps during the October term and at latest in time for a hearing during the February term.

Druggists Denied Permits
 Chairman Evans of the license committee reported that the application of eight pharmacists for permits to sell spirituous liquors and receptacles for the \$10 license fees were in his possession and moved that the permits be granted. The motion was lost by a vote of 3 to 7. Aldermen Brown, Evans, and Scott being up with the affirmative and Aldermen Buchholz, Clark, Dull, Kimball, Rehfeld, Rickard, and Sheridan with the negative.

Subsequently, an order introduced by Ald. Brown and directing the return of the \$80 deposited as license fees by the eight applicants, was passed without opposition. The committee's refusal to grant permits to the druggists is expected to restrict their sale of liquor to such quantities as are specifically called for by physicians' prescriptions.

Moving Picture Ordinance
 An ordinance introduced by Ald. Scott, given its first and second readings, and held over until the next meeting for final action, imposes a multitude of restrictions and regulations on the moving picture show places. It is made unlawful to operate any machines not equipped with automatic take-ups, shut-offs, clutches, and light shutters in rooms lined with galvanized iron and asbestos sheeting. The rheostate must be at least twelve inches from the walls and floors and properly encased and protected. There must be two rear exits. Coal gas or oil heaters are prohibited. Managers or operators must be at least 21 years of age. Nobody is to be permitted to stand in the theatre aisles or enter after the seats are all occupied. Proprietors of the amusement places must comply with the foregoing and many other provisions within 20 days or pay themselves liable to fines not over \$10 to \$100. The enforcement of the measure is entrusted to the fire chief. "I guess those aldermen haven't heard about those now so-called 'inflammable films' we now use," was the laconic comment of one of the theatre managers when information regarding the ordinance was imparted to him after the meeting.**Matters of Finance**
 The finance committee's report on bills was adopted. Directions were given that orders for \$2 each should be drawn in favor of George Palmer, William Dull, Michael Fanning, Harry Handy, and Fred Henke for their services as special police on July 30 and for \$50 in favor of the last named for his services as special policeman from July 6 to August 1.

Though the majority report of the finance committee was adverse to the payment of \$30 to Officer Sam Brown for his services from March 25 to April 7, 1908, Ald. Brown introduced a minority report recommending that the amount be paid despite the majority's former refusal to take that effect. The motion was lost by a vote of 3 to 7. Aldermen Brown, Dull, and Richardson being the only City Fathers in favor of paying the debt.

In accordance with the street assessment committee's report accepting the sewer construction work of Mulholland & Son in District 11, directions were given that the certificates be signed and delivered to the firm and that an order for \$21.75, payable from the No. 11 fund, be drawn in their favor. The treasurer was directed to transfer \$14 from the No. 11 fund to the general fund as compensation for the use of the steam roller.

Harry Haggart's Audit
 Harry Haggart's report of his audit of the books and accounts of the city treasurer for the year ending June 30, 1909, was accepted and signed on file. After examining and verifying all entries, proving the tax rolls, and checking up all the receipts and vouchers for moneys paid out, he found the books correct with the exception of five clerical errors involving the aggregate sum of \$5.18. Balances in the various funds on July 1 were as follows:
 School \$ 9,700.28
 General 1,917.88**Fire and Water**
 Fire and Water 668.77
 Lighting 6,988.26
 Library 1,324.75
 Bridge 2,283.63
 1st Ward 1,513.96
 2d Ward 700.93
 3d Ward 2,481.50
 4th Ward 1,794.77
 5th Ward 1,432.36
 Int. on Pub. Deposits 1,598.15
 Firemen's Pension 1,891.31
 Bonded Debt 13,585.00

Several other small funds brought the total up to \$72,131.03. Each of the four funds named as city depositaries has about \$14,000 of the money belonging to the several funds, with the exception of the Rock County National, which is also carrying the sewer account.

Departmental Reports
 The board of education's report for July showed that orders aggregating \$879.71 had been drawn during that month. That of the municipal court showed that fees, fines, and penalties totaling \$391.90 had been collected. City Marshal Appleby's accounting showed that 132 arrests had been made. Drunkenness was the offense in 98 instances and 7 suspects figured in the aggregate. Forty-five were taken to court and 87 discharged. The arrests were apportioned as follows: Appleby, 29; Brown, 11; Fanning, 13; Morrissey, 21; Chapman, 13; Mason, 18; Sam Brown, 9; Henke, 6; Dull, 5; Dorn, 1; and Saxby, 1.**Health of the City**
 Health Officer S. J. Buckmaster's report for the quarter ending July 31 was accepted and placed on file. It chronicled one case of contagious disease existing in the city at this time, and the patient well on the way to recovery. There were 2 cases of scarlet fever in June and 1 in July; and a case of diphtheria developed in each of the three months. One case of typhoid fever was also recorded, though the state bacteriological laboratory was unable to locate the germ in the specimen of blood submitted. Marriages totaled 54; births, 70; and burial permits, 45. An extra inspector was employed for 12 days during the months of June and July to assist in the campaign against garbage, rubbish, and unsanitary vaults.**Street Improvements**
 Plans for the improvement of Washington street, from Ravine street to Mineral Point avenue, were adopted and, with the understanding that the work is not to be undertaken until next season, the proper committee was directed to assess the benefits and damages.

A resolution calling for the laying of cement gutters and curbing on Ravine street from River to High street, and on Franklin street from Ravine street to Mineral Point avenue, in the First ward, and directing the assessment of the benefits and damages, was also passed.

A petition from owners of property on North Bluff street, asking that the said thoroughfare be improved with cement gutters and curbing, was received and placed on file.

The city engineer was directed to prepare plans for new bridges over the Rock river at Fourth avenue and Milwaukee street, so that the city may be prepared for any emergency. Ald. Brown voted against the order.

The street commissioner was directed to employ William Dull and William Brown to repair the stone crusher and start operations at the plant.

Directions were given to the same officials to fill the holes on North Jackson street, north of Mineral Point avenue, to the city limits; build a cement gutter with iron cover across S. Academy street on the south side of Center street; and build a brick crosswalk over Center street on the east side of South Pearl street.

Sewers
 A resolution calling for the laying of additional sewers and directing the assessment of the benefits was passed by a vote of 8 to 2. Aldermen Brown and Buchholz registering the negative protest. It provided for the piping of the following streets: Garfield avenue from South Third street to Milwaukee avenue; Court street from Garfield avenue to Harrison street; Harrison street from Court street to the northern boundary of Dist. 11, about 145 1/2 feet south of the southern line of Milwaukee avenue; Milwaukee avenue from Garfield avenue to Harrison street; Bluff street from the center of Pease Court to a point 165 feet northerly therefrom.

The street assessment committee was directed to call for bids for the work of connecting up the Washington street sanitary sewer and laying a pipe from the curb line to the Washington street school, the contract to be executed as soon as possible.

Chairman Buchholz of the committee on sewers reported that a right of way for the storm sewer to be laid across lot 10, Bump & Smith's addition, and a quit claim deed had been secured, and his motion that the same be accepted and work commenced as soon as possible was adopted.

Purchasing Committee
 There was some discussion of an order, introduced by Ald. Clark providing that the members of the committee on public buildings shall hereafter constitute a purchasing committee and that no purchases shall hereafter be made or accepted as obligations on the part of the city unless explicitly authorized by the common council or the said committee but it

was finally passed by unanimous vote. Ald. Brown thought that a committee of five might be too unwieldy and finally appealed to the Mayor for his opinion. "That's easily answered," said the Mayor. "I wrote that order." The committee is composed of Aldermen Evans, Scott, Kimball, Sheridan, and Dull.

Bids for Coal
 The city clerk was directed to advertise for bids for the coal to be used by the city during the coming winter.

Why Yankee Bread is Baked In Steam

Yeast continues to ferment until the bread is baked in a heat of 212 degrees.

Your kitchen stove has a maximum temperature of 200 degrees while the center of the loaf rarely exceeds 100 degrees.

And it is dry heat. Such heat crisps the crust and then cannot penetrate the center of the loaf. The crust keeps out the heat but retains the moisture.

Thus while your loaf is damp, the center is only half baked.

The yeast cells continue to ferment in the stomach and cause indigestion.

But our steam keeps the crust moist until the inside is fully baked. Then we turn off the steam and let the bread come slowly to a rich brown crust.

That's why Yankee Bread is so delicious—every yeast cell is killed and it has a delightful flavor that is simply enticing. Try a loaf tomorrow, from your grocer or our wagon which passes your house each day. Price 6c the loaf.

A Recipe for Good Looks

The first "ingredient" in the recipe for good looks is pretty teeth.

Given a fine, good looking set of teeth, no man or woman need have any fear that he or she will be called anything but good looking.

Next to the eyes, the teeth are most in evidence.

Every word that is uttered shows the teeth; every smile shows the teeth; every time one takes a mouthful of food the teeth are in evidence, be they good, bad, or a mixture of both.

We put the question directly up to you:

Do you want to make a good impression?

Then have your teeth cared for by the Dentist.

I believe I am fitted by experience, equipment and ability to do well by you.

Let me care for your mouth.

WAITING FUNDS TO LEAVE THE CITY**STRIKERS AT NORTHWESTERN DEPOT WANT THEIR PAY.****AIR THEIR GRIEVANCES**

Claim They Had to Buy Everything They Wanted From Supply Company.

Another gang of laborers from Chicago, who arrived in the city last night to take the place of the striking team on the Evansville cut-off, when they heard that there was a strike in progress refused to go to work and a rush order has been sent to Chicago for more men.

The members of the first gang, who struck when their demand for what money they had coming was refused, have been discharged by the company and it is expected that their checks will arrive either this afternoon or tomorrow morning.

In the meantime, the strikers are without food or lodging as the Western Boarding and Supply company, who have been feeding them, refuse to continue if the men are not employees of the road. Most of them are without money, and it is probable that the city will be thoroughly panhandle today by those who will not take advantage of the company's offer to take back those who apply for work.

As far as can be learned from both the strikers and the officers of the company, the strike was not caused by any difficulty between the bosses or in regard to the quality of the food served. The men themselves state that they could not desire any better food than those in charge and that the food was all right.

The main difficulty and the real cause of the strike was due to the fact that they received no cash for their work. The Western Boarding and Supply company, whose local representative is L. L. Barnum, had charge of the commissariat and boards the men for \$3.75 a week which is deducted from their pay. They also carry a supply of clothing and to make the cost of which is deducted from the monthly pay of those who make purchases from the supply department.

The men, however, are averse to purchasing their clothing and tobacco from the supply company, claiming that they are charged several prices for their purchases and for this reason asked that their wages be paid them but Sunday in order that they might buy what they needed in town.

They claim that the whole gang was promised what cash they had coming after their board had been deducted and that the refusal of the company to carry out this promise was the cause of the strike.

The company claims that no such promise was made, but that only six or seven men had received the assurance that they could send their train slips in on Sunday, but that if more than this number applied, the request could not be granted as it would disarrange the entire payroll.

The strikers allege that the company officials are loquacious with the supply company and refuse to give the cash in order that the men will be obliged to purchase what they need at exorbitant prices from the commissariat department. This is denied by the officials who state that the demands are unreasonable and that a large number of the men have but little over twenty-five or thirty cents in cash due them.

It is also insinuated that although it may be true that the men would spend their money in the city it would be for more disturbing things than clothes and might result in much disorder.

Although the strikers have been very quiet so far, their ire is rising in proportion to the time they are compelled to wait for their money and it is thought that things will happen to the officials whom they claim is the real cause of the trouble if an opportunity occurs.

The twenty-three men who refused to walk out, are now engaged in surfing about two miles from the city as the number is not large enough to permit laying rail.

About forty of the strikers were paid off at the North-Western freight station this afternoon at 3:15. There was no disturbance and a few signified their intention of going back to work tomorrow morning.

NEW TEACHER WAS SELECTED BY BOARD

Miss Mae Hayes Will Fill Vacancy Created by Resignation of Miss Genevieve Hayes.

Miss Mae Hayes was elected a member of the teaching forces of the Janesville schools by the board of Education at their meeting at the high school building last night. Miss Hayes will probably be given charge of the seventh grade of the Garfield school, formerly taught by her cousin, Mrs. Timothy Murphy, nee Miss Genevieve Hayes.

Those grade for special work, for boys who would not study and who needed disciplining, which was taught last year by Professor Claude Stout at the Lincoln school, will be discontinued as the board has been unable to find a young man who cares to handle the work. In place of this the regular seventh grade will be resumed, with Miss Doherty, who has been teaching the fourth grade, as instructor.

Miss Hayes, who takes the seventh grade at the Garfield school, is the daughter of Mr. and Mrs. Dennis Hayes, South Jackson street. She is well fitted for the position which she will take, having finished a teacher's course of four years in the University of Wisconsin.

MISSOURI MOB HANGS A MAN.

Slayer of Farmer Is Strung Up at Platte City.

St. Joseph, Mo., July 3.—A special to the News-Press says George Johnson, white, who murdered John W. Moore, a farmer, near Platte City, Mo., June 29, was lynched at Platte City.

The feeling ran so high at the time of the killing that Johnson was taken to Kansas City for safekeeping. His trial was to begin today and he was returned to Platte City Sunday afternoon.

Two men took a third man to the jail, representing him to be a prisoner. When the sheriff opened the jail door the three overpowered him and 50 other men appeared and battered down the door of Johnson's cell.

He was taken to a tree opposite the jail and strung up, where the body hung until 6:30 a. m.

The state has offered a \$300 reward for the arrest of the lynchers.

Fleet to Be Gone Five Months.

Washington, Aug. 3.—Admiral Beane's armored cruiser squadron of the Pacific fleet, eight vessels strong, will be absent from the United States on its coming cruise to Asiatic waters, a little more than five months.

It will visit Honolulu, Admiralty Islands, Manila, where the yearly target practice will be held and the Chinese and Japanese ports of Hongkong, Woosung, Kobe and Yokohama.

A LARGE CROWD

Witnessed Virpillat's Opening Entertainment—A Number of Demonstrations Performed—Has Opened an Office at 509 W. Milwaukee St.

The opening night at Virpillat's free lecture and entertainment was well attended. A large crowd was at the vacant lot on the corner of Milwaukee and Academy sts., and those present were fully recompensed for the time spent.

The entertainment was opened by the Janesville band which rendered several first class selections, followed by the opening piece of the vaudeville company after which Virpillat delivered one of his lectures upon suffering humanity.

His lecture was of an original nature well delivered and attentively listened to by the audience. The entertainment was an unusually good production and appreciated by everyone, in fact, there was nothing to disappoint any of those present.

There is no doubt as to the ability of this young man as an orator, demonstrator and advertiser. The remarks heard from the street today are of a praising nature and no doubt he will have this city with many friends.

After his lecture was concluded, Virpillat extended an invitation to any one suffering with any ache or pain, stiff or swollen joints, deafness, rheumatism or paralysis of the limbs, to step upon his platform and he would demonstrate upon them free of charge and show the public the merits of his New Discovery.

Among those to take advantage of this offer was Mr. H. Finnegan of 266 S. Myer St., who had been suffering with rheumatism in the back to such an extent that he couldn't stoop over without severe pain. After a few moments' application of the New Discovery Mr. Finnegan said that all trace of pain had left and he could bend his back without the least pain.

A good program has been arranged for tonight and no doubt there will be a large crowd present to enjoy the same.

The office at 509 W. Milwaukee St. is open from 10 a. m. to 4 p. m., where consultation and examination are free to all who call.

"Queen's English" and "King's English" are both terms that have been in common use for years to designate grammatical English. In Shakespeare's "Merry Wives of Windsor" we read: "There will be an old abusing of God's patience and the king's English." Such phrases as "murdering the queen's English" arose from a book by Dean Alford on the subject of accurate speech.

The Evening Chit-Chat

By RUTH CAMERON

W E ONCE had a housekeeper who would call upstairs to tell me of some trifling hitch in the domestic machinery or to ask some little question in a tone that at first sent the blood curdling in my veins.

I always felt that the house was after, or a burglar was at the elbow, or the dog had been run over, or some such calamity had come to pass.

It was several weeks before I realized that those shrill and almost anguished tones were merely an involuntary steam whistle that served to let off some of her nervous steam. And even then, though my blood ceased to curdle at her call, I never failed to quiver with responsive nerves whenever it rang the air.

Her quick, flitting, little step, as she hustled across the kitchen floor, flying at tasks that would probably have been finished as quickly if she had gone at them more slowly, had the same effect upon me as her voice.

Her very presence was a bugle call to the nerves of everyone in the house. She created an atmosphere of nervous tension that could not fail to affect everyone around her.

We all know far too many people who are like that.

Without appearing to do anything different from other people they involuntarily key one up and set one's nerves quivering. The head of a big hospital where some hundreds of trained nurses are graduated yearly, told me that every year she advised a good many girls to give up the work simply because she recognized this tendency to nervous tension in them.

They might have the best of health, the keenest of brains, and the greatest enthusiasm in the world, and yet they were almost sure to fail if they created a nervous tension.

Such a thing would be fatal in a sickroom.

She called it temperamental, and considered it incurable.

And there I differ from her.

It may be temperamental, but like all temperamental defects, it is largely curable.

Anyone who firmly makes up his mind, that he will attain a restful presence may attain it if he will sacrifice the fetishes of hurry, worry and flurry to that end.

I do not know of any quality more attractive in man or woman than a restful presence.

There are certain people in whose presence one feels somehow rested and soothed.

I would rather possess such a personality than great beauty.

Forty Years Ago

Janesville Daily Gazette, August 3, 1860.—From Ficht.—A pitched battle took place on the driving park grounds yesterday afternoon which, however, did not result fatally to any of the parties. The cause of it was that one man hit another and the two clinched. The friends of each party rushed in and the mass became general. The engagement was short and decisive, each party claiming the victory.

Dead.—The boy, Murphy, who was accidentally shot on Sunday last and whose case was referred to yesterday, died last night from the effects of his wound.

Janesville and Rock County.—As the corner stone of the new court house is to be laid tomorrow (Wednesday) with some considerable ceremony, a few statistics in regard to our growth and population may not be out of place. The old court house was burned Sunday morning, May 22, 1859, since which time court has been held in the different halls that could be leased for that purpose. The old

court house was a cheap affair, built by James Chamberlain, D. A. Richardson being the contractor. Population of the county in 1840 was 1,701; 1842, 2,867; 1846, 12,405; 1847, 14,720; 1850, 20,750; 1855, 31,361; 1860, 36,628; 1865, 36,066. The present elegant and well-barranged structure, which will cost nearly \$100,000, and will comply with the wealth and prosperity of the county, and be some compensation for getting along so many years without a court house.

Assessed Valuation of City Property.—Below will be found a statement of the assessed value of city property, taken from the official records. An examination of the figures will prove of interest to the taxpayers: First ward, personal property, \$521,207; real, \$934,385; total, \$1,455,592. Second ward, personal, \$213,681; real, \$570,296; total, \$783,977. Third ward, personal, \$146,210; real, \$390,657; total, \$536,867. Fourth ward, personal, \$172,582; real, \$503,480; total, \$676,062. Total personal, \$1,043,877. Total real, \$2,565,011; city total, \$4,217,888.

Willie Sarnow of Center, and the Misses Francis May and Freada Poste were on our streets Sunday evening. The rain Saturday evening and Sunday was much appreciated by everyone. The road work is nearly completed in this vicinity. A number attended the ball games in West and North Magnolia, Sunday. Several of the road men spent Saturday night at Fred Mark's.

Entertained for Visiting Friends

Pleasant Party Held Last Tuesday in Emerald Grove for Guests of Miss Edith Barless.

[SPECIAL TO THE GAZETTE.]

Emerald Grove, Aug. 2.—On Tuesday afternoon, July 27, at the home of Mr. and Mrs. A. D. Barless, Mrs. Edith Lloyd and Mrs. A. D. Barless entertained for Miss Edith Barless in honor of her friends, Miss Irene H. Olin of Norwood Park, and Miss Ethel Brownell of Racine. The following guests were present: Misses Daisy Dean, Avon, Clara Jones, Fay Hatto, Ella Anson, Minnie and Belle Hill of La Prairie; Grace and Agnes Meloy, of Johnston; Helen Barless, Mary Crooks, Ruth Wetmore, Lorraine and Ethel Jones, of Emerald Grove; and Catherine Jones and Grace Holding of Janesville.

The Ladies' Auxiliary will be entertained by Mrs. Edith Lloyd and Mrs. Harry Jones, at the home of Mrs. Lloyd, on Thursday afternoon of this week. An invitation is extended to everybody.

Mr. and Mrs. John Kirkpatrick are rejoicing over the arrival of an eleven pound son who will date his birthday, July 23.

The social at D. E. Jones' was well attended and the ladies disposed of ten gallons of ice cream.

Miss Agnes Donaldson of Chicago is a guest at J. A. McArthur home.

Florence and Gladys Jones of Chicago are visiting Rev. Davidson and family.

Please remember the Royal Neighbor meeting on Wednesday afternoon and let cream social in the evening.

Everyone in this vicinity is taking an active interest in the Gazette contest and everyone is hoping they

will win.

Duncan McArthur had a horse killed by lightning Sunday morning.

Early Sunday morning a small black dog, evidently mad, called at the home of R. W. Jones, bit his dog, and departed in great haste to Avon where two other dogs were bitten. Thus far no one has been able to destroy him.

Elmer Davidson made a short visit with his parents the first part of last week.

Rumor of Warship Accident.

New York, Aug. 3.—A report is current, presumably coming from Lynn, Mass., that a serious accident had occurred to a torpedo boat off Provincetown, where the battleship fleet is having summer practice.

Son Seen Father Drown.

Hartland, Wis., Aug. 3.—While rowing with his son, George W. Hertel, manager of the chainware department of Marshall Field & Co., Chicago, was drowned.

The Man From Brodney's

By GEORGE BARR M'CUTCHEON

Copyright, 1900, by Dodd, Mead & Co.

His rifle cracked a second later, and one of the two men leaped into the air and fell like a log. Chase understood the necessity for quick work and fired an instant later. The second

man fell in a heap thirty feet from the gate. His companions returned the fire at random in the direction from which the well aimed shots had come. "Under cover!" shouted Chase. He and Selma dropped into the shrubbery in time to escape a withering fire from outside the gates. The searchlight revealed a compact mass of men beyond the walls. It was then that the islanders realized how near they had come to being surprised and destroyed. A minute more, and the gates would have been opened to this merciless horde.

The prisoners, finding themselves trapped, threw themselves upon the ground and shrieked for mercy. Lord Jeppingham and the others came up and, scattering well, began to fire at the mass outside the wall. The islanders were at a disadvantage. They could not locate the opposing marksmen on account of the blinding light in their faces. It was but a moment before they were scurrying off into the dark wood, shrieking with rage. The five fugitives were compelled to carry their fallen comrades and the two Greeks from the open space in front of the gates to a point where it was safe for the defenders to approach them without coming in line with a possible volley from the forest.

A small force was left to guard the gate. The remainder returned as quickly as possible to the chateau. Immediately upon the return to the chateau an inspection of the dungeons was made, prior to an examination of the servants in the effort to apprehend the traitor.

The three men who went down into the damp, chill regions below ground soon returned with wet, pale faces. There had been no traitor!

The man whose duty it was to guard the prisoners was found lying under the big cell, his throat cut from ear to ear, stone dead! He had been seized from within as he came to the grating in response to a call. While cer-

They're overworked—can't get the poison filtered out of the blood.

They're getting worse every minute.

Will you help them?

Donn's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble.

Mrs. J. Gower, Eastern Avenue, Janesville, Wis., says: "About four years ago I suffered from kidney trouble and was quite miserable for several weeks. A friend, who had used Donn's Kidney Pills with the best results, advised me to try them and I procured a supply from the People's Drug Co. Less than three boxes freed me from the annoyance and I have not had occasion to use a kidney remedy since. I know Donn's Kidney Pills act exactly as represented."

lips, Neenah came to a standstill and uttered a warning whisper. Chase recovered himself with a mighty start, a chill as of one availing an unseen peril sweeping over him. Geneva heard the sharp, painful intake of his breath and felt the sudden relaxation of his fingers. She was not puzzled. She, too, had felt the mangle of the touch, and her blood was surging red. She knew then that she had been clasping his hand with a terror that was as unmistakable as it was shameless.

TWO CHILDREN KIDNAPED.

Abductor of St. Louis Boy and Girl

Demands \$25,000 Ransom.

St. Louis, Aug. 3.—Two children

were abducted and held for \$25,000

ransom here, the affair causing a

furor in the local Italian colony of

which the children's parents are

among the wealthiest members. The

police have arrested five men on

suspicion of being implicated in the

plot. They have been unable, how-

ever, to obtain any trace of the

children.

The kidnaping took place near 1011

North Seventh street, where the

victims—Grace Viviano, five years old,

and Thomas Viviano, 2½ years old—

lived. The fathers of the children,

Pietro Viviano in each case, are

cousins and their families occupy

the same apartment. They received

a letter which read:

"The children are with me and are

safe, and they will be safe if you

send the \$25,000 to Wellston."

The message was signed "Frank

China" (closed month). Wellston is

a suburb west of St. Louis.

TESTED FOR SANITY; FAILS.

Woman Committed Because She

Couldn't Touch End of Nose.

New York, Aug. 3.—An unusual

test as an index to one's sanity was

introduced by a police magistrate

when Mrs. Harriet R. Berry, a trained

nurse, was brought to court on a

physician's application that inquiry

be made into her mental condition.

"Close your eyes, madam, and

touch the end of your nose with the

index finger of your right hand,"

commanded the magistrate.

It was only after several attempts

that Mrs. Berry succeeded and the

court ruled that the result of the

test was sufficient to warrant her

commitment to Bellevue for observa-

tion.

INCREASE IN BUSINESS CAUSES MANY CHANGES

Heavy freight traffic on the Northern Wisconsin division and a probable increase in the near future has made it necessary for the road to take several engineers who have been firing passenger runs and put them on freight. If the business assumes larger proportions it is expected that a number of new firemen will be put to work at the new yards.

At the present time, there are more cars in the new yards waiting to be sent north than there has been in the past five months. The average number of freight trains sent out daily is about fifteen and even this number is inadequate to handle the business. Since nine o'clock last night and half past eight this morning, eight trains were made up and forwarded. The press of business is so great that incoming crews have barely time to before being sent out. At nine o'clock this morning Yardmaster Griffin announced that there were six crews ready to leave, and that they could each be given the required number of cars for a heavy train.

LOCAL FORCE HAVE THEIR PICTURE IN MAGAZINE

On page twenty-five of the July issue of the North-Western Bulletin, there appears a half page cut of the Janesville freight engine force, including R. A. Miller, engineer; Joseph Dampney, car clerk; Mike J. M. McCree, steno-grapher; A. L. Hennings, agent; the station master; Frank Frothingham, rate clerk; Thomas Leahy, transfer foreman; Fred Tall and John Schumacher, truckers; Fred Schumacher, foreman; Vincent Carter and Clarence Anderson, truckers; F. M. Miller, clerk; and William McDonald, carler. Macrot and rate clerk occupy the important positions.

Switch-tender John Barry returned to work this morning after laying off for about a week on account of blood poisoning in his right hand.

Engineer Stramp took an extra to Fond du Lac this morning at eight-thirty.

Fireman Dawson was on the switch-engine last night.

Engineer Dudley is relieving Lewis on 534 and 541 today.

Fireman Coen is on the switch-engine today with Engineer Strarr.

Engineer Crowley and Fireman Garra double-headed Engineer Pruner and Fireman Downing on an extra to Fond du Lac last night.

Fireman Hucksaw is on 535 today with Engineer Smith.

Machinist Carl Palmer is laying off today.

Chicago, Milwaukee & St. Paul. Engineer Wilkinson and Fireman McAllister went out on 165 this morning.

Engineer Higgins is firing the switch-engine today with Engineer Smith.

Engineer Barron and Fireman Emigh went out on 165 this morning.

Engineer Faller double-headed 21 out this morning with engine 835.

Brakeman George Barry double-headed to Mineral Point last night on number 7 and came down on the way freight this morning with Conductor Davey.

Fireman Seltz replaced Barker on the switch-engine today with Engineer Callahan. Barker went out this morning with Engineer Schlicker.

Fireman Shober came in on the dog run this morning with Engineer Allen in place of Kennough.

Switchman Nolan is relieving Wm. Taylor for a few days, while McCarthy is taking Nolan's place during his absence.

During August

Many people buy Vudor Porch Shades during August. The reason is they have given the matter considerable thought and have noticed how pleasant their neighbor's porch was hung with Vudor Shades and decided not to go through another summer without them. If you have a porch, suitable to be fitted with Vudor Shades, could make a cool comfortable room of it by expending a comparatively small sum of money, you are really neglecting your own health by not getting Vudor Shades and spending all the time you can out of doors. Many people are not in a position to take a vacation but by staying on the porch much of the day and sleeping there at night, the benefit you will derive will surprise you.

The colors are pleasing and harmonize with any surroundings. Prices: 4 ft. \$2.25, 6 ft.

If you knew the comfort of a Chair Hammock you would have one. They can be adjusted for any position. With pillow \$3.50, without \$3.00. Will last a lifetime by having them recorded once in 3 or 4 years at a cost of 50c.

Summer Suits

Since we made the great reductions we have had a good sale on the wash suits in shrunk cotton, Repp and linen. The prices at which we offer them are so very low that any woman can certainly afford to have one. They are \$3.48 and \$6.48, which includes suits that were \$6.00 to \$10.50. We have a nice assortment left in white with contrasting colors, white with blue stripe, linen with contrasting colors in new blue, old rose, French gray pongee, pink, lavender. No trouble to find the desired suit. We have made arrangements with the weather prophet so that you can wear these suits all through September.

Hundreds of good things all through the store.
Come in, look around, get posted.
